S41⁺ (STANFORD 10⁺)

NESTOR
MARTIN

Ref. 11097001

FEATURES :

The heart of a Nestor Martin oil stove is the high efficiency burner. This burner, which is based on modern technologies, optimizes the mixing process between the oil and the preheated combustion air, introduced by specific openings for this use. The effectiveness of the entire system allows for exceptional performances in consumption.

The Surdiac stoves are produced in cast iron and have a sturdy appearance. You will enjoy their intelligence and effectiveness for years.

- Connection in the back or on top
